

JUDGE JUDSON HARMON RECEIVES NOMINATION

Cincinnati Man Nominated for Governor on Second Ballot Amid the Great- est of Enthusiasm

HON. WM. J. BRYAN IS ENDORSED

Platform Declares for Nebraskan for President, Favors Initiative and Referendum and Con- demns Republican State Administration.

Convention Hall, Columbus, May 6.—The session of the Democratic state convention for the adoption of the platform and nomination of candidates was called to order in the Goodale street auditorium by Chairman Ed. L. Moore at 10:33 o'clock today. Almost 1000 delegates, half as many alternates and several thousand spectators were present. Among the distinguished persons on the stage were "Uncle Abe" Patrick, Ex-Congressman Lentz and Col. James Kilbourne.

The committee on permanent organization reported in favor of continuing Ed. L. Moore as chairman. Senator B. F. Gayman, secretary, and B. S. Bartlow, sergeant-at-arms. Carried. Ben Heidensfeld of Cincinnati, chairman of the committee on resolutions read the platform. The platform was adopted by a unanimous vote.

THE PLATFORM

"The great principles of justice and self-government upon which the Democracy of Ohio is united are set forth in the following declaration:

"In the eternal struggles between the many who produce more than they enjoy and the few who enjoy more than they produce, Democracy takes its stand with the many, and sets its face against the privileges outlived or legalized by which they are despoiled. We believe that the cure for the supposed ills of Democracy is more Democracy; that to the people belongs not the shadow merely of political authority, but its substance, and that the power to initiate new laws and to review the acts of their representatives is essential to the preservation of popular sovereignty. We therefore favor the initiative and referendum in state and local matters, and the principle that questions submitted to the electors should be determined by a majority of the votes cast thereon.

"We believe in free and unqualified home rule for the cities and villages of Ohio, leaving them free to decide for themselves matters of local policy, including the question of public or private ownership of public utilities.

"We denounce the existing system of taxation in Ohio as inequitable and unsound, and demand such a revision of it as will establish a just and equitable system.

"We declare in favor of the franchise tax and demand the passage of laws imposing taxes upon the value added to the tangible property of public service corporations by the franchises which they enjoy.

"We point to the child labor law passed at the recent session of the general assembly as a Democratic measure, and demand further legislation in this behalf, as well as the establishment by law of an eight-hour day on public work.

"We favor the protection of em-

ployes in shops, mines, factories and transportation service by the passage of an employers' liability act.

"We favor the passage of a law limiting the power of judges to issue injunctions in labor disputes without notice and opportunity to be heard.

"We favor liberal appropriations by the general assembly for the betterment of the roads and the rehabilitation of the canals of the state.

DENOUNCES STATE GOVERNMENT

"The state government is now controlled and administered by the Republican machine in opposition to the express will of the people. Every reason and every motive which swelled the tide of popular indignation against Republican rule in Ohio three years ago exists now and is intensified by the further and accidental lease of power in hostility to the popular will.

"The Republican state machine, too long in power, has planned to perpetuate its control by stifling the Republican masses in their political action, and forcing the nomination of deputies and favorites. The Republican primary was a sham and the last state convention of that party was the most completely bossed political gathering that ever assembled in Ohio.

"The auditor of state has built up a powerful organization, having as its chief purpose the protection of the interests from which it derives its power. In control of this machine he has refused to enforce, either in letter or in spirit, the law taxing the property of public service companies, permitting them to write their own tax bills and relying upon those who profit by his lawless acts to save him from the indignation of the people whose laws he has set aside. Corporations are bribed to the support of his machine by the promise of immunity from just taxation. Zealous in the protection of his favorites, he is negligent in the protection of the public. He has wasted the public

funds by unnecessary and frequent examinations for political purposes in counties and cities, but has neglected to make the audits required by law in the office of the state treasurer.

ROASTS STATE TREASURER.

"The investigation by the legislature into the offices of the state auditor and treasurer discloses a grave and shameful neglect of the public business. The state has lost more than \$100,000 a year by the failure of the treasurer to take advantage of the depository law. His failure to keep books showing the deposits made by him, his insolent refusal to answer questions from the legislature upon the subject and the spectacle of enormous sums of state's money deposited in banks owned and officered by the state treasurer, his deputy and the state auditor, who refuses to audit, disclosed peril to the public funds and scandal in the management of these great offices.

"The state treasurer is employed to enrich the friends of the system by and through the Republican organization. Three hundred thousand dollars of the people's money is now in the bank of the chief Republican boss of the state, and this boss at the last Republican convention forced the nomination of his candidate for attorney general, state auditor and state treasurer, who comprise a majority of the state board of public appraisers and assessors. This condition, known to the governor, was not acted upon by him, though the law adequately empowered him to act, and it can be remedied only by the passage of suitable laws safeguarding the deposit of public money at the best obtainable rates of interest, and by substituting new officers for the deputies of those under whom these abuses have grown up.

COMMEND LEGISLATORS.

"The people have already secured some laws advocated and urged by the Democracy in previous platforms. We commend those Democratic senators and representatives who have kept their party pledges and have struggled against the lobby of the interests and the control of the Republican state organization to secure further beneficial legislation.

"We favor the protection of public participation in nominations by the passage of suitable primary election laws.

"We favor the election of United States senators by direct vote of the people. Until an amendment to the federal constitution can be secured, we favor the passage of a law authorizing the selection of party candidates for the United States senate

EDWARD H. MOORE,
Permanent Chairman.

at the time of the election of members of the general assembly. We direct the state central committee to include in the call for the next state convention a provision for the nomination of a candidate for United States senator by such convention.

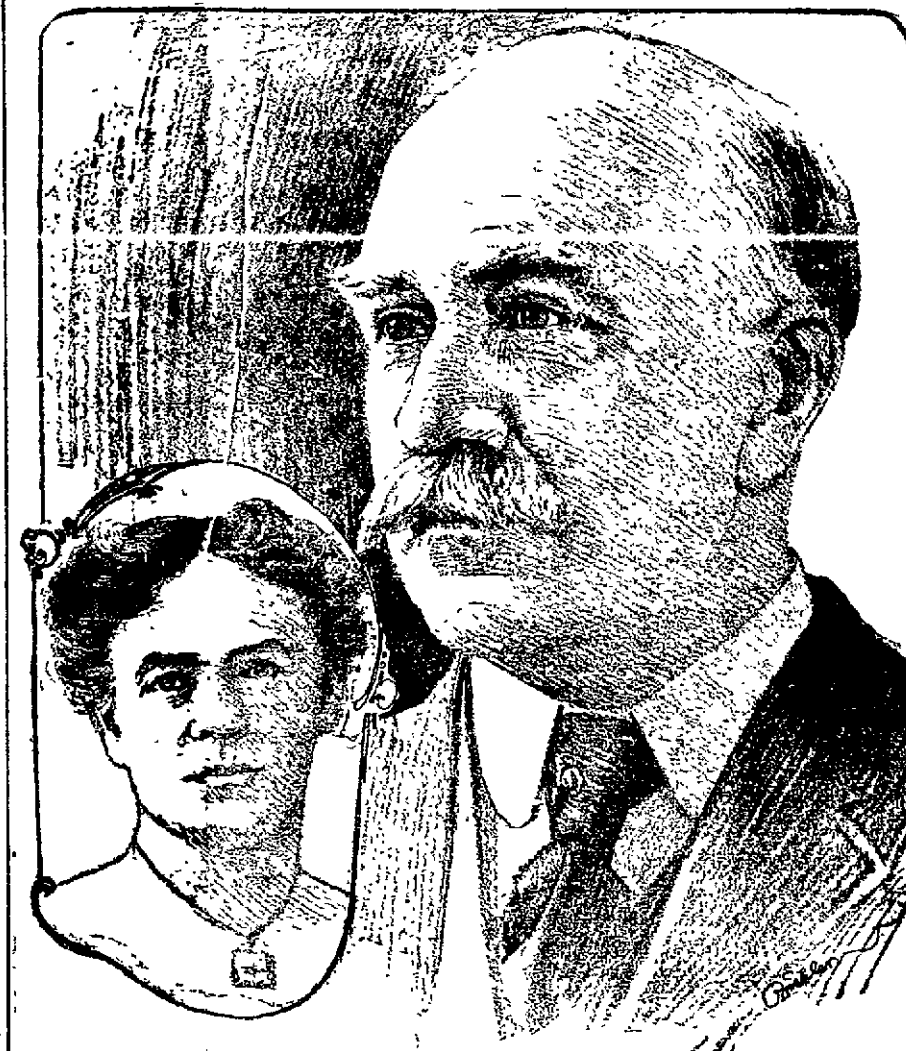

"We urge that appropriations be made at the next session of congress for the prosecution and completion of the work undertaken by the government to give a nine foot stage of water in the Ohio river from Pittsburgh to Cairo.

"We favor the passage by congress of the Sherwood bill granting the 'dollar a day' pension to the surviving veterans of the civil war.

"We pledge our candidates to the principles here set forth, and in the event of their election we promise, in their behalf, an honest and business like administration of the state's affairs and humane care for the dependent and delinquent wards of the state.

"In view of the early meeting of the national Democratic convention at Denver, which will present the platform of our party on all national questions, and implicitly trusting to

HARMON WINS ON SECOND BALLOT

JUDGE JUDSON HARMON AND MRS. HARMON.

CONGRESSMAN ASHBROOK INTERVIEWED REGARDING MR. HEISEY'S STATEMENT

Washington, May 6.—Your correspondent this morning carried to Congressman William Ashbrook Postmaster George D. Heisey's statement which appeared in last night's Newark Advocate and American-Tribune. Mr. Heisey's statement was to the effect that he had not attempted to defeat the Newark postoffice plans but was trying to secure an additional appropriation through the Senate.

Mr. Ashbrook smiled when he heard the statement but he quickly observed: "A denial was to be expected, of course, but I have the facts in my possession and the people of Newark who received telegrams from me yesterday may rest assured that I knew what I was doing when I said that Mr. Heisey was endeavoring to obstruct postoffice progress. He should have come here to help me or rather to help his fellow citizens in clinching the government appropriation for a federal building.

"I believe a flood of telegrams from prominent Newark people would convince the public building committee that the Hotel Sherwood site is satisfactory to the people of Newark and the telegrams came from just the classes of people I wanted to hear from—merchants, bankers, working men, doctors, lawyers, dentists, ministers, city and county officials, manufacturers and so on. I think every Newark councilman, practically every city official and nearly all the county

officials, including the common pleas

judge, have wired me endorsing the site chosen.

"More telegrams are coming from Newark today. I have just presented 157 telegrams from Newark citizens to the chairman of the sub-committee and shall later take in the dispatches now arriving. I believe the Sherwood site will be accepted. The bill has gone to the printer.

"If Postmaster Heisey was not 'knocking,' will he please to explain why he called upon the chairman of the committee on public buildings and four other members of the committee? Will he tell why he made three calls upon the chairman of the sub-committee? Did he there urge the acceptance of the Sherwood site and an additional appropriation? Answers to these questions would be interesting.

"Why did Mr. Heisey start for Washington the very day the facts became known in Newark and why has he been here for the past six days? If he really wanted a larger appropriation why did he put off coming after it until he learned of the acceptance of the Sherwood site?

"Let Mr. Heisey defend himself by answering these legitimate questions, and perhaps subsequent details will be interesting.

"I appreciate very thoroughly the generous response from Newark boosters and you may ask the Advocate to thank them if you please. Nothing more can now be done."

Sandies of Putnam county, as a candidate of the young men. John E. Monnett of Stark county, seconded the nomination of Pomerene. No choice on the first ballot. Harmon gets 469 vote and need 471.

Judge Harmon was nominated on the second ballot.

Cuyahoga voted on the first ballot 97 for Pomerene; Franklin, Lucas and Montgomery went solidly for Harmon. Hamilton county gave Harmon 59 1-2, Pomerene 22 1-2, and Sandies 1.

First ballot — Pomerene, 381; Harmon, 463; Sherwood, 4; Sandies, 97. No nomination.

The Hamilton delegation was the center of a scene of frenzy. Men struggled with each other and Judge Malloy shrieked the charge that money was being used on the floor to gain Harmon votes. The Hamilton county delegation delayed balloting five minutes while they fought over the poll. Sherwood arrived during poll call and said there had been no authority for representing his name, and on the end of the ballot withdrew his name.

Second ballot for governor—Pomerene, 363; Harmon, 512; Sandies, 79. Harmon was declared nominated. Before the result of the second ballot was announced and when the check showed that Harmon already had 512, Thomas Noctor, Johnson leader in the Hamilton county delegation, arose and announced a desire to change the vote of Hamilton

FRANTIC FIGHTING OF PLAGUE

Inhabitants of Laguayra Are Alone and Unaided in the Work

SOLDIERS ON GUARD

Miles of Houses are Fired in an Effort to Kill the Plague Germs.

Willmsted, May 6.—Laguayra, Venezuela, is a city of death for the plague is spreading there. The inhabitants are fighting it frantically alone and unaided. From the rest of the world they are cut off, on one side by the sea, on all others by military patrols under orders to shoot fugitives on sight.

News from town there is practically none, so strict is the quarantine. Business is suspended, stores are closed and residences shuttered. None venture abroad except under absolute compulsion.

Food is hardly to be had on any terms. Whoever will may enter with supplies, but having entered, none can leave.

For miles flames of burning houses fired, in an effort to kill the plague germs, can be seen.

JUDGE J. REES SPEAKS HIGHLY OF MR. HARMON

Ex-Probate Judge Jonathan Rees, of this city, who attended Denison university at the same time Judge Harmon did, said of the nomination: "I attended college at Denison university when Judge Harmon graduated in 1866 and, although I was considerably older than he, we became very warm friends. He was usually efficient in his studies and his career at Denison was a most brilliant one. He was very much appreciated and liked by the student body. I have watched his brilliant career with a great deal of interest, and an immeasurably pleased that he has consented to accept the Democratic nomination for governor of Ohio, and think it one of the best things the Democratic party has ever done as far as the nomination of a governor is concerned. Judge Harmon is popular and possesses the elements for making a good governor."

ON THE BRIDGE OF THE CON- NECTICUT AS IT SAILS THROUGH GOLDEN GATE.

Grand Demonstration at San Francis- co In Honor of Uncle Sam's Sailor Boys.

San Francisco, May 6.—Welcomed by cheers of the city and its inhabitants, reinforced by 250,000 visitors, the battle fleet of Admiral Evans, with the admiral himself on the flag ship Connecticut, steamed into the San Francisco harbor through the Golden Gate at noon today to be greeted by the thunder of guns from the harbor forts and vessels of the Pacific fleet which were lying in wait inside the harbor. With the battle fleet came the flotilla of destroyers Secretary of the Navy Metcalf, mayor of the city, and other notables welcomed the fleet.

A FATAL MISTAKE.

SEVERAL MORE BODIES.

Laporte Ind., May 6.—Evidences of several more bodies were found at noon in a rubbish heap where the sixth body was unearthed in a lot adjoining the house of Mrs. Guinness. A human rib and several small bones were found in the loose ground.

MYSTERY UNRAVELING AT LAPORTE

Many Murders Traced to Woman Who Was Cremated

FARM HAND IMPLICATED

Six Bodies Found Buried in Yard of Mrs. Guinness, Home.

Laporte, Ind., May 6.—The sixth body was discovered on the Guinness farm this morning. The body was found at the side of two holes dug yesterday in which five bodies were found. The body was found under some cobblestones buried two feet under the surface.

The discovery of three more sunken graves on the farm of Mrs. Belle Guinness leads to the belief that Mrs. Guinness is not dead, but that another body was substituted for that supposed to be hers, and evidence to show that there exists in Chicago a second "Holmes Castle," where people were murdered wholesale, were today's developments in the Guinness murder mystery.

An autopsy on the bodies of two men, one girl and two children unearthed yesterday from the farm was held at midnight. All had been murdered. The bodies were found to have small holes in the skull. Following the midnight autopsy, Sheriff Smutzer and Coroner Mack today began an examination of the Guinness house of mystery. Sheriff Smutzer expects that at least half dozen additional murders will be unearthed. Sheriff Smutzer also notified the Chicago police to be on the lookout for a gang in that city believed to be in the wholesale murder business for the purpose of collecting insurance. The gang is believed to have disposed of part of the bodies at Laporte. Authorities suspect that Mrs. Guinness conducted a "murder fence."

Laporte, Ind., May 6.—That Mrs. Bella Guinness was responsible for at least five death before she and her children were incinerated in the fire which destroyed her home one week ago, is the theory now held by the local authorities, who are attempting to solve the puzzle of the barn yard burying ground found on her pretty farm one mile north of this city. Their first impressions to this effect was strengthened when Roy Lamphere told of the day's ghoulish discoveries.

The discovery of the bodies was brought about by the appearance of John Heldgren of Aberdeen, S. D., brother of Andrew Heldgren, in Laporte, in search of the missing man. With information that his brother Andrew had come to Laporte to wed Mrs. Guinness, as the result of a courtship by mail, and that he had turned over his property to her, he became convinced that he had been made the victim of foul play.

While questioning Joseph Maxson, a hired hand on the Guinness farm, he learned of the mysterious digging of holes by him, all of them being filled up at a later date by Mrs. Guinness. He led Heldgren and the officers to the spot where the holes had been dug, about 150 feet from the house, and there, after digging a few minutes, was uncovered the body of Heldgren. The remains were four feet under ground and were enclosed in a gunnysack. The legs and arms had been dismembered, but were with the trunk.

About 35 feet farther on from the house the remains of four other persons were found. Lying on top of a mattress were the skeletons of two men and a woman. Underneath the mattress was the body of an 11-year-old girl, said to be Jennie Olson. All the bodies were taken in charge by the coroner and are now locked in a barn on the Guinness farm, being carefully guarded.

PATROL

Called to Wilson Street Bridge This Morning—Call Was Work of a Joker.

Driver Greeley and Wagonman Brown of the police patrol are on the war path for some smart person that gave them a long run through deep mud this mornig, and if that person is found the chances are that some undertaker will get a job.

The phone in the patrol house rang about 8 o'clock this morning and voice requested that the wagon make a hurry run to the Wilson street bridge, as a man had been badly hurt. "Pet" and "Fanny" were rushed into the harness and a fast run was made, but no one was found, only a lot of people that laughed at the officers for their trouble.

Calling the patrol is a serious offense and if the person is found they will get the limit from the mayor for calling the police when they are not wanted can be made into a serious charge. The wagon is frequently called to act as an ambulance and if such call had come in while the police were on the wild goose chase this morning the result might have been serious for some person.

The police can appreciate a joke just as much as any one, but a joke of this kind is getting beyond the limit and such practice should be stopped.

(Continued from Page Two.)

its case, purpose the protection of the interests from which it derives its power. In control of this machine he has refused to enforce, either in letter or in spirit, the law taxing the property of public service companies, permitting them to write their own tax bills and relying upon those who profit by his lawless acts to save him from the indignation of the people whose laws he has set aside. Corporations are bribed to the support of his machine by the promise of immunity from just taxation. Zealous in the protection of his favorites, he is negligent in the protection of the public. He has wasted the public funds by unnecessary and frequent examinations for political purposes in counties and cities, but has neglected to make the audits required by law in the office of the state treasurer. The investigation by the legislature into the offices of the state auditor and treasurer discloses a grave and shameful neglect of the public business. The state has lost more than \$100,000 a year by the failure of the treasurer to take advantage of the depository law. His failure to keep books showing the deposits made by him, his insolent refusal to answer questions from the legislature upon the subject and the spectacle of enormous sums of state's money deposited in banks owned and officered by the state treasurer, his deputy, and the state auditor, who refuses to audit, disclosed peril to the public funds.

principles here set forth, and in the event of their election we promise, in their behalf, an honest and business-like administration of the state's affairs and humane care for the dependent and delinquent wards of the state.

In view of the early meeting of the national Democratic convention at Denver, which will present the platform of our party on all national questions, and implicitly trusting to the wisdom of that body a declaration of Democratic principles, we forego all announcement on national issues.

We heartily and enthusiastically endorse the presidential candidacy of William J. Bryan, and instruct the entire Ohio delegation to vote for his nomination at the Democratic national convention, firm in the belief that his nomination will insure an overwhelming national victory at the polls in November.

Resolution.
We learn with profound regret of the serious illness of ex-President Grover Cleveland, and we extend to him the sincere assurance of our sympathy with the earnest hope and prayer for his speedy recovery.

MOORE DELIVERS KEYNOTE

Arraigns the Republicans, Discusses the Tariff and Declares For Indorsement of Senatorial Candidate—Mayor Johnson Attacks Judge Harmon, Garber-Finley Wing In Control.

Columbus, O., May 6.—By a close vote Tom L. Johnson lost his fight, Tuesday night, for the control of the Democratic state convention which will nominate a state ticket, a candidate for United States senator and four delegates-at-large to the national convention at Denver.

A test of the relative strength of the Johnson and anti-Johnson factions of the party, the latter led by Harvey C. Garber, chairman of the Democratic

ATLEE POMERENE.

state central committee and William L. Finley, state oil inspector, was taken on a minority report which proposed to seat a contesting delegation from Lucas county which was favorable to Johnson. The report was rejected by a vote of 483 to 430. With the 27 votes from Lucas county which could not be cast on this proposition,

the anti-Johnson followers have a total of 490 votes, or 16 more than a majority.

A sensational attack on Judson Harmon, former attorney general of the United States and candidate for governor, was made by Mayor Johnson in a speech to the convention. He declared that it would be a mistake for the party to nominate a candidate for governor who was an attorney for a railroad, who was allied with the railroad interests and opposed to the initiative and referendum and the franchise tax. His mention of the name of Judson Harmon, however, brought forth the most notable demonstration of the evening session of the convention.

Mayor Johnson, according to present plans, will attempt to prevent the nomination of Harmon, who is the candidate of the anti-Johnson forces for governor, by having the name of A. P. Sandies of Ottawa county, clerk of the Ohio senate, presented to the convention in addition to that of Atlee Pomerene of Canton, in the expectation of drawing votes from Harmon.

The great hall was packed when Chairman Klobb of the Democratic state central committee rapped the convention to order. Prayer was offered by Rev. Paul F. Hein of Valley Crossing, the chaplain. Former Mayor Moore was then introduced as temporary chairman and he at once proceeded to deliver the keynote.

Chairman Moore, in his keynote speech, declared that President Roosevelt is vying with William J. Bryan in his championship of principles that the Democratic party advocates. He said in part:

"We find no fault with the honest accumulation of property. It is the encroachments of predatory wealth and we denounce special privilege in whatever form it rears its hydra-head."

"We denounce it when it takes the form of a trust breeding tariff, that under the guise of offering protection that we seek to restrain. Nor is our quarrel so much with the possessors of even predatory wealth. Our battle is rather with the methods, legalized and legalized, that make easy its accumulation; that levy a tax upon the labor and industry of the many for the benefit of the privileged few; to American labor, permits a swollen trust to raise the price of its products and to decrease the price of its labor, while by the same agency the cost of living is enhanced, thereby laying a double burden upon the toiler."

"The president has the power to make reciprocity treaties. But he has been so busy in fulminating paper pellets to hurl at the trusts, that he has not found time to lighten the cost of living to the poor, or to increase the exportation of our products by the exercise of this power."

Chairman Moore charged that the Republican state ticket, recently nominated, was named at the behest and dictation of a triumvirate of bosses, at the head of which was Geo. B. Cox.

Mr. Moore declared the Democratic convention should indorse a candidate for United States senator, saying: "To those Democrats who put principle above policy, I need only to say that for many years the Democratic party has been advocating the selection of senators by the direct vote of the people. In the present state of our constitution, the endorsement of senatorial candidates by party conventions is the nearest approach to this so much to be desired reform."

Mayor Johnson's Attack.

Following the speech of Chairman Moore there were cries for Mayor Johnson, who addressed the convention. He followed up his attack upon Judson Harmon, candidate for governor, made earlier in the day in a signed statement, in his address to the convention. Mayor Johnson assailed the political record of the former attorney general of the United States and declared his position on some of the leading questions of the day would not be consistent with the platform that would be adopted by the

party. Said Mayor Johnson:

"We are here from the greatest Democratic county in the state and we are not asking for a thing at your hands. We have had a struggle for seven years in Cuyahoga county and have won what some people call a victory, but what we say is only the beginning of greater victories. What we are here to urge is that the Democrats of the state make a platform and put men on that platform which will meet the issues. We declared for the initiative and referendum, and can we afford to nominate anybody for governor who is determinedly against that proposition? We have declared for just franchise taxes; can we afford to nominate a man who is opposed to this demand? Can we afford to nominate a man who is against William J. Bryan?"

"I do not believe it is a good thing to hold up any man as a target, but I love the Democratic party more than any man. Mr. Judson Harmon of Cincinnati—

Here the convention broke loose—at least Mr. Harmon's friends did. For ten minutes they cheered the name. Mayor Johnson got back when he had a chance.

"Twas an enthusiastic outburst," he said, "but it shows what will happen tomorrow. You are very noisy, but you haven't got the votes." And then Johnson's friends broke out with a pandemonium of noise.

The Cleveland mayor said he would not utter one word against Harmon personally, but that he (the speaker) was for Democracy first, and was advocating the indorsement of Bryan, the initiative and referendum and the taxation of franchises, all of which he said would be carried in the resolutions to be presented to the convention.

Mayor Johnson referred to the investigation of state offices and the fruitful results there attained. "Thank God," he said, "this is not the time that we will nominate a railroad attorney or an attorney for the brewery interests. I yield to no man in my fight against sumptuary laws, but I would be just as strong against a fanatic as our nominee. If the Democrats of Ohio will fight treachery in Democratic ranks as we do in Cuyahoga county, you can make Ohio just as solidly Democratic as is Cuyahoga county."

Senator Alfred M. Cohen of Cincinnati mounted the platform to reply to Mayor Johnson. "I represent no side, but fair Democracy, but I want to say in abuse constitutes the creed of new Democracy, thank God there are some of us orthodox enough to be Jeffersonian Democrats. In Cincinnati we love Judson Harmon, as a citizen and as a Democrat. He is more than a local figure or a state character. He is known all over the country. I do not know that it is a crime for a man to be trusted with large interests—but why take up a matter tonight that will be settled in the convention? Just be fair."

CONTROL

Of New State Central Committee and the Members.

Columbus, O., May 6.—Spirited contest between the followers of Mayor Johnson of Cleveland and the Garber-Finley wing of the party marked the district meetings held for the selection of members of the state central and various committees. Both factions claim a victory in the fight for control of the party organization. William L. Finley of Kenton, state oil inspector, who is seeking the position of executive chairman, claims to have fourteen votes certain on the new state central committee with a probability of 16. Mayor Johnson's followers on the other hand while not claiming a majority for their chief, say they have 12 votes to nine against the re-election of Charles A. Klobb of Mercer county as chairman of the state central committee and the election of Mr. Finley as executive chairman. The new state central committee is as follows:

- First district—Lewis G. Bernard, Hamilton.
- Second—Charles N. Danenhowar, Hamilton.
- Third—E. W. Hanley, Montgomery.
- Fourth—Charles A. Klobb, Mercer.
- Fifth—George C. Rings, Williams.
- Sixth—Joseph P. Elton, Highland.
- Seventh—Henry Kampf, Miami.
- Eighth—W. R. Nevin, Logan.
- Ninth—A. A. Relliey, Lucas.
- Tenth—Vallee Harold, Scioto.
- Eleventh—A. R. Wolf, Ross.
- Twelfth—James Ross, Franklin.
- Thirteenth—D. H. Hartman, Crawford.
- Fourteenth—John L. Van Arman, Lorain.
- Fifteenth—A. R. McCulloch, Guernsey.
- Sixteenth—Ed. F. Lawler, Carroll.
- Seventeenth—J. C. Shuler, Holmes.
- Eighteenth—Bernard Bell, Stark.
- Nineteenth—Dr. C. M. Millikin, Summit.
- Twentieth—C. W. Lapp, Cuyahoga.
- Twenty-first—Tom L. Johnson, Cuyahoga.

The new committee will meet in parlor A of the Great Southern hotel Wednesday evening for organization and for the selection of a new state executive committee.

Dublin, May 6. — Richard Croker denies the report that he is going to New York to compose the Democratic differences. He said that he would not visit the United States until after the presidential election and that he might spend the winter in one of the southern states. "I think the Democrats of New York should support the nominee of the convention," he said. "I believe that Bryan would make a good president, although I do not believe that he should be elected."

GAMES TODAY.
Marion at Newark.
Lima at Lancaster.
Mansfield at Springfield.

Old Jupiter Pluvius butted into the game again yesterday afternoon and a big crowd of fans that had counted on seeing the Marion Diggers defeated were disappointed.

It seems a cinch that President Bobby Quinn has had some sort of a fight with the Weather Man and that decidedly unaccommodating individual is getting even with the entire league as a result. Out of several games scheduled last week only one or two were played and this week is getting the same sort of a start.

Not a game was played yesterday over the circuit and the players in Springfield, Lancaster and Newark all joined in a healthy sigh. The players have had rest enough to suit all hands and are now hunting rabbits feet and every other known charm trying to counteract the assortment of rain, cold weather and snow that has been dished up to them.

The Newark fans met many of the Marion players and struck upon acquaintance supposed to last throughout the entire season and its safe bet that before "Windy" Lotshaw leaves town everyone will know him. "Windy" has made a reputation in every town he has played in and he is upholding it here.

Most of the old players are already acquainted with the fans here, and the new men weren't long in finding out that it was a pretty sociable old town to play ball in. The team and the fans have been anxious to have Marion play here ever since she made her early spurt pennant-wards for they want to see what the Molders and the Diggers will do on the diamond.

It's too early in the season and the weather has been much against them, so it is a hard matter to tell much about the various crowds of ball tossers. Dubs now may be stars later, and stars now may prove to be simply cold-weather men, and when the torrid blasts begin in earnest they may not be able to stand the pace.

The rain of this morning looked rather as though the second Marion game might be postponed, but Old Sol looming up later tried his best to turn out a nice day. If it doesn't rain before 3 o'clock the players will make an attempt to do stunts on the diamond.

"Over in Mansfield last summer I got in an argument with Ump Smink. Well, anyone that knows Smink knows that he can dish up some pretty rotten decisions. At this particular time a bad decision almost meant the game and Smink had been coming pretty regular with them.

"Finally, I slapped him, not hard just a little gentle tap, but it cost me \$5 and costs just the same. Then on the way back to Marion I took a nap on the train and when I awoke I was in Lima. Of course, I had to pay my way back to Marion. Then being hungry I hunted up a lunch room or restaurant, where we had been get-

LEAVES HUSBAND

Mrs. Wm. Killius Sold Household Furniture and With Children Left For St. Louis.

Considerable surprise was created here among the friends of Mr. Wm. Killius, a well-known Baltimore & Ohio Railroad blacksmith, when it became known that his wife had disposed of a portion of the household goods, and had gone to her home in St. Louis, taking her four children with her, and leaving her husband in the lurch. A newspaper man called at the little home of Mr. Killius Wednesday morning, and found the curtains drawn and no one at home. From neighbors he learned that Mr. and Mrs. Killius, who came here from St. Louis about eight years ago, were not living together in complete harmony, and that the breach finally became so wide that it threatened the dissolution of the family ties. It is reported that the trouble was caused by the wife associating with other men, and it is also said that Mr. Killius offered \$25 to the person who would give him the name of the party who had destroyed his happiness.

Wednesday when Mr. Killius came home to dinner he found the house deserted and part of the household goods removed. He soon learned that his wife had disposed of a fine piano for \$50 and that she had packed her most valuable possessions and had left with her children for St. Louis, where her parents reside.

Mr. Killius has the reputation among his friends and neighbors of being a hard working, honest man, and he has the sympathy of all in his trouble.

EXCESSIVE DRINKING

Orrine Destroys the Craving for Drink—Sold Under Positive Guarantee.

Excessive or continued use of alcoholic beverages always results in a diseased condition of the nervous system.

The drinking man is often heard to say, "I can stop of my own free will and when I wish," but the poor fellow is now devoid of the power to act at the proper time and in the right way—it's too late—the craving has secured a firm hold and because of the diseased nervous system he has not the ability for sustained effort. The result we all know.

Drunkness is no longer considered a crime, eminent scientists and physicians have agreed that it is a disease, and must be treated as such.

The home treatment that has been used for a number of years, and is highly successful, is Orrine. It is sold under a positive guarantee that if it does not effect a cure your money will be refunded.

Orrine is in two forms. When desiring to give secretly, purchase Orrine No. 1, and if the patient will voluntarily take the treatment, Orrine No. 2 should be given. The guarantee is the same in either case. Orrine costs but \$1.00 per box. Mailed in plain sealed wrapper on receipt of price. Write for free treatise on "Drunkness," mailed in sealed envelope by the Orrine Co., Washington, D. C. Sold by leading druggists everywhere, and in this city by Frank D. Hall.

ANNUAL KERMESS,

Artistic Folk, Physical and Classical Dancing by Miss Simonds' Pupils, May 15 and 16.

Miss Simonds' annual Kermess and exhibition of physical dancing to be given at Assembly hall, May 15 and 16, promises to be a delightful entertainment. Miss Simonds having studied in New York during the past winter, under the famous Russian master, Cleall, of the Imperial School of Russia is able to render some very artistic work in the line of folk dances, physical and classical dancing. This work is now being taught in the public schools of New York, and the study of classical national and folk dances is rapidly coming into vogue in the highest social circles, and is receiving the ardent support of leaders in educational work.

Not only does this week present a novel and effectual means of physical training, but also tends in a high degree to develop artistic taste.

The co-operation and patronage of those interested in the advancement of the fine art of dancing is earnestly solicited.

TELLS READERS HOW TO GET RELIEF FROM INDIGESTION

The Following Tells Why Everything Eaten Will Be Promptly Digested and Not Left In Your Stomach to Ferment and Sour.

As there is often some one in your family who suffers an attack of indigestion or some form of Stomach trouble, why don't you keep a case of Diapiesin in the house handy.

This harmless blessing is prepared in the form of 22-grain Triangles, and are eaten like candy, but they will digest anything you can eat without the slightest discomfort, and regulate a sour stomach five minutes after.

Tell your pharmacist to let you read the formula plainly printed on these 50-cent cases of Pape's Diapiesin, then you will readily see why they cure indigestion. Sour Stomach, Heartburn, and prevent at once such miseries as Belching of Gas, Eructations of Sour undigested food, Nausea, Headaches, Dizziness, Constipation and other Stomach disorders.

Some folks have tried so long to

find relief from indigestion with the common every-day cures advertised that they have about made up their minds that they have something else wrong, or believe there is a case of Nervousness, Gastritis, Catarrh of the Stomach or Cancer.

This is a serious mistake. Your real trouble is, what you eat does not digest; instead, it ferments and sours, turns to acid, Gas and Stomach poison, which poisons the entire digestive tract and intestines and, besides, poisons the breath with noxious odors.

A hearty appetite, with thorough digestion, and without the slightest discomfort or misery of the Stomach, is waiting for you as soon as you decide to get a 50-cent case of Pape's Diapiesin.

One Triangle taken after eating will promptly digest and prepare for assimilation into the blood 3,000 grains of food, and is so absolutely harmless and pleasant that no one could realize they were taking such a blessing.

AMUSEMENTS

HAGENBECK-WALLACE SHOWS.

The Hagenbeck-Wallace Combined Greater Shows advertised to appear in Newark May 8, claims to be different from other shows, and judging from the great variety of features and attractions advertised, it will have no trouble to convince its patrons that it is different from other tent shows. After due reflection, the oft-repeated sentiment, "When you have seen one circus, you have seen them all," or, "When you have read one magazine, you have read them all," or, "When you have heard one lecturer, you have heard them all," or, "When you have seen one play, you have seen them all," or, "When you have heard one band, you have heard them all," as to say, "When you have seen one circus, you have seen them all." A visit to the Carl Hagenbeck & Great Wallace Shows will convince the most skeptical that such sentimental talk is foolish, without foundation, and, upon investigation, it resolves into an exaggerated absurdity. The Hagenbeck-Wallace Circus has horses, and so have other shows, but Hagenbeck & Wallace have "the finest horses on earth." Other shows have bands, acrobatic performers, riders, etc., but they are all different from those with the Hagenbeck-Wallace Shows—these combined attractions are in a higher class; they pay higher salaries, and not only secure superior performers, as mentioned, but have many novel and mysterious acts that cannot be imitated by other people successfully. Most of the names and acts advertised are to be seen only with this great circus alliance.

Those people in this community who have not visited a circus during recent years, because they supposed they were all alike, will do well to

visit this one, and they will be most agreeably and pleasantly surprised, and will be forced to admit that the Carl Hagenbeck & Great Wallace Shows are similar to others in but very few minor points, and that, as a whole, in quality and character, it is far different from other tented concerns.

ORPHUM THEATRE.

The Musical Comedies, fresh from their success on the large circuits, have proved to the patrons of the Orphum that they are all that was claimed for them as their novelty act is one that stirs the blood in one's veins, especially the finish where "Uncle Sam" is represented by the youngest musician and comedian now on the stage. Master Cole is just 4 years old and creates as many laughs as many an older comedian.

Maxine Wells, the pretty and dainty comedienne, is beyond question a distinct and fervently welcome acquisition to the vaudeville stage. She possesses a flood of contagious humor and wins her audience from the start.

MAY FESTIVAL OF SONG.

It is useless to say more about the Festival of Song which will be held in the Church of Christ this afternoon and evening. The soloists are here, and by the morning's rehearsal, with chorus, orchestra and soloists, we are satisfied it will be a grand evening of song. The soloists who appeared in Columbus Monday and Tuesday evening gave perfect satisfaction from the fine press notices which appeared in The Journal. Hear them tonight, it will pay you. The orchestra which will accompany the chorus is one that will give satisfaction beyond a doubt. Its direction is in the hands of Prof. Wiley H. See. Newark people well know what Miss Bessel Glenn can do with the piano. A very few reserved seats can be had at the city drug store. Sale closes at 7 o'clock. Glenns at church at 7:30. Performance at 8:15. Admission 50 cents.

MUSEE.

Vincent Bogza, proprietor of the Musee Theatre on South Second street, has had a stage erected and will add vaudeville. Last night a clever 7-year-old youngster danced. Tonight the same turn will be repeated.
